

CrowdStrike and Mandiant Form Mission-Focused Strategic Partnership to Protect Organizations Against Cyber Threats

April 7, 2022

Strategic partnership brings the power of the CrowdStrike Falcon platform to Mandiant's services for industry-leading breach investigation and response and ongoing defense

AUSTIN, Texas & RESTON, Va.--(BUSINESS WIRE)--Apr. 7, 2022-- [CrowdStrike](#) (Nasdaq: CRWD), a leader in cloud-delivered protection of endpoints, cloud workloads, identity and data, and Mandiant (Nasdaq: MNDT), today announced a strategic partnership that will help joint customers investigate, remediate and defend against increasingly sophisticated cybersecurity events that plague organizations globally. As part of the collaboration, Mandiant will utilize the CrowdStrike [Falcon® platform](#) and subscription offerings for its incident response (IR) services and proactive consulting engagements for joint customers. Further, the Mandiant Managed Defense offering intends to include support for customers leveraging the Falcon platform later this year.

As two of the most respected leaders in the cybersecurity industry, CrowdStrike and Mandiant share a common mission to stop breaches and put customers' needs first. Both companies have long operated under the practice that in order to defend against tenacious cyber adversaries, there must be a combination of cutting edge products and elite cybersecurity experts. Because of this, both companies have embraced an open and collaborative approach with high caliber partners and technologies to provide organizations superior protection.

"Today's complex threat environment calls for a collaborative approach that brings together industry-leading technologies and world class teams to build the strongest defense for customers, which is exactly what this partnership is about," said George Kurtz, co-founder and chief executive officer of CrowdStrike. "CrowdStrike has worked with Mandiant many times over the years and there is a mutual respect for the caliber of technical and team expertise we both bring to the fight. We are proud to establish this alliance with them and to more effectively enable the people, processes and procedures necessary to secure the modern organization."

"CrowdStrike and Mandiant have developed reputations as go-to cybersecurity resources for public and private sector entities across the globe," said Kevin Mandia, chief executive officer of Mandiant. "This partnership between two mission-focused companies strengthens cyber defenses at a time when cyber attacks have become a notable business issue faced by organizations every day."

About CrowdStrike

[CrowdStrike](#) (Nasdaq: CRWD), a global cybersecurity leader, has redefined modern security with the world's most advanced cloud-native platform for protecting critical areas of enterprise risk — endpoints and cloud workloads, identity and data.

Powered by the CrowdStrike Security Cloud and world-class AI, the CrowdStrike Falcon® platform leverages real-time indicators of attack, threat intelligence, evolving adversary tradecraft and enriched telemetry from across the enterprise to deliver hyper-accurate detections, automated protection and remediation, elite threat hunting and prioritized observability of vulnerabilities.

Purpose-built in the cloud with a single lightweight-agent architecture, the Falcon platform delivers rapid and scalable deployment, superior protection and performance, reduced complexity and immediate time-to-value.

CrowdStrike: We stop breaches.
