

# CrowdStrike Dominates SC Awards 2023 Winning Best Enterprise Security Solution and Best Managed Detection and Response Service

August 21, 2023

AUSTIN, Texas--(BUSINESS WIRE)--Aug. 21, 2023-- [CrowdStrike](#) (Nasdaq: CRWD) today announced that the company took home two key wins in the 2023 SC Awards as the CrowdStrike Falcon® platform won Best Enterprise Security Solution and CrowdStrike Falcon® Complete won for best Managed Detection and Response Service. These twin wins come on the heels of CrowdStrike's second consecutive win in the [Best Endpoint Security](#) category of the SC Awards Europe. The Awards recognize products and services that stand out by exceeding customer expectations to help defeat imminent threats and sophisticated cybersecurity attacks.

The AI-powered [CrowdStrike Falcon platform](#) is the platform of choice for tens of thousands of companies globally – including over half of the Fortune 500, more than 25% of the Global 2000. The Falcon platform combines a single, lightweight agent, cloud-native architecture – integrated with threat intelligence and elite human expertise. This powerful combination delivers the speed, scale and efficacy required to stop modern attacks with comprehensive visibility and protection across the most critical areas of enterprise risk: endpoints, cloud workloads, data and identity. As an extension of the industry-leading CrowdStrike Falcon platform, CrowdStrike's [industry-leading](#) MDR, [CrowdStrike Falcon Complete](#), is a managed detection and response offering that delivers 24/7 proactive threat hunting, expert investigation, integrated threat intelligence and hands-on surgical remediation to help organizations of all sizes stop breaches.

"Today's fragmented security landscape is a playground for adversaries, but the powerful combination of the CrowdStrike Falcon platform and Falcon Complete MDR offering cater to organizations' most pressing needs – reducing cost, reducing the number of point products and agents, reducing complexity and simplifying operations. As a pioneer in EDR, MDR and threat intelligence, CrowdStrike combines the power of automation with human expertise to stop breaches for our customers," said Raj Rajamani, chief product officer, CrowdStrike. "Our long list of third-party validation, including the SC Awards, recognizes CrowdStrike's ongoing commitment to innovation within the industry."

CrowdStrike continues to be globally recognized for its world-class technology and services. Previous SC Awards recognition includes:

- [2023 SC Awards Europe](#): Best Endpoint Security (CrowdStrike Falcon Insight XDR)
- [2022 SC Awards US](#): Best Security Company (CrowdStrike)
- [2022 SC Awards Europe](#): Best Emerging Technology (XDR)
- [2021 SC Awards US](#): Best Cloud Computing Security Solution (CrowdStrike Falcon platform), Best Managed Security Service (CrowdStrike Falcon Complete) and Executive of the Year (Shawn Henry, CrowdStrike chief security officer)
- [2020 SC Awards US](#): Best Security Company (CrowdStrike)
- [2019 SC Awards US](#): Best Threat Intelligence Technology (CrowdStrike Falcon Intelligence)
- [2018 SC Awards Europe](#): Best Enterprise Security Solution (CrowdStrike Falcon platform)
- [2018 SC Awards US](#): Best Security Company (CrowdStrike)

## About CrowdStrike

[CrowdStrike](#) (Nasdaq: CRWD), a global cybersecurity leader, has redefined modern security with one of the world's most advanced cloud-native platforms for protecting critical areas of enterprise risk – endpoints and cloud workloads, identity and data.

Powered by the CrowdStrike Security Cloud and world-class AI, the CrowdStrike Falcon® platform leverages real-time indicators of attack, threat intelligence, evolving adversary tradecraft and enriched telemetry from across the enterprise to deliver hyper-accurate detections, automated protection and remediation, elite threat hunting and prioritized observability of vulnerabilities.

Purpose-built in the cloud with a single lightweight-agent architecture, the Falcon platform delivers rapid and scalable deployment, superior protection and performance, reduced complexity and immediate time-to-value.

CrowdStrike: We stop breaches.
