

CrowdStrike Ranked #3 in 2023 Fortune Future 50 List

December 11, 2023

AUSTIN, Texas--(BUSINESS WIRE)--Dec. 11, 2023-- [CrowdStrike](#) (Nasdaq: CRWD) today announced it ranked #3 and was the only cybersecurity company ranked in the top 20 in the 2023 [Fortune Future 50](#) list. In the recently announced financial results for the third quarter fiscal year 2024, ended October 31, 2023, CrowdStrike highlighted that its ending ARR surpassed \$3 billion, making it the fastest and only pureplay cybersecurity software vendor in history to achieve this milestone.

Fortune's annual ranking recognizes the world's leading public companies based on a market-based assessment of a company's growth potential and its ability to deliver against that potential. This year's rankings prioritized the companies that are pioneering the future of generative AI. CrowdStrike continues to lead the industry forward and deliver the innovation that brings the power of generative AI to the world of cybersecurity. CrowdStrike is harnessing [generative AI](#) to make customers faster at detecting and responding to incidents, more productive by automating manual tasks, and more valuable by learning new skills with ease.

"CrowdStrike has leveraged AI since the beginning of the company. We built AI natively into the platform to identify and stop the threats that other signature-based solutions can't detect," said George Kurtz, co-founder and CEO of CrowdStrike. "Our ranking on the Fortune Future 50 list shows that the market continues to validate CrowdStrike's growing leadership position. We're pioneering the future of Generative AI in cybersecurity, giving customers the ability to process vast amounts of data in an instant so they can make faster, more accurate decisions to stop breaches."

CrowdStrike: A Commitment to Innovation Across the Business

The Fortune Future 50 is the latest industry recognition of CrowdStrike's growing market leadership and commitment to innovation. CrowdStrike's culture of innovation spans the entirety of its business and is focused on fueling its mission of stopping breaches and providing its employees with the best place to work. CrowdStrike was also recently recognized by leading industry groups for its:

- **Technology Platform Innovation:** The CrowdStrike Falcon platform is the definitive platform for cybersecurity consolidation. Customers can consolidate legacy point products with industry leading protection across endpoint, cloud, identity, next-gen SIEM and more. CrowdStrike pioneered the identity threat protection category, delivering a single-agent approach for protecting on-premise and cloud environments. This approach was validated recently with [CrowdStrike Falcon Identity Protection](#) being named best overall solution and best technology solution in the [CRN 2023 product of the Year awards](#).
- **Industry Best Workplace:** In 2023, CrowdStrike received more than 25 awards and certifications recognizing its strong culture and ability to foster a great place to work that reflects its mission of stopping breaches. CrowdStrike recently scored a perfect 100/100 for the third consecutive time on the Human Rights Campaign Foundation's [2023-2024 Corporate Equality Index](#).
