

CrowdStrike Reports Third Quarter Fiscal Year 2022 Financial Results

- Net new ARR growth accelerates
- Ending ARR grows 67% year-over-year to surpass \$1.5 billion
- Adds over 1,600 net new subscription customers for the second consecutive quarter
- Delivers record operating and free cash flow

SUNNYVALE, Calif., December 1, 2021 -- CrowdStrike Holdings, Inc. (Nasdaq: CRWD), a leader in cloud-delivered endpoint and workload protection, today announced financial results for the third quarter fiscal year 2022, ended October 31, 2021.

"CrowdStrike delivered a robust third quarter with broad-based strength across multiple areas of the business leading to net new ARR growth accelerating and ending ARR growing 67% year-over-year to surpass the \$1.5 billion milestone. Our outstanding results this quarter demonstrate the flywheel effect of our platform and reflect continued strong customer adoption for our core products in addition to the growing success of our newer product initiatives including identity protection, log management and cloud. With our leading technology, unmatched platform and approach to stopping breaches, we continue to eclipse our competitors and extend our leadership position," said George Kurtz, CrowdStrike's cofounder and chief executive officer.

Commenting on the company's financial results, Burt Podbere, CrowdStrike's chief financial officer, added, "CrowdStrike once again delivered exceptional results, maintained very high unit economics, drove leverage and generated strong operating and free cash flow as we expanded our leadership across the market from large enterprises to small businesses. Given the growth drivers of our business, as well as our exceptional third quarter performance and momentum into the fourth quarter, we are once again raising our guidance for the fiscal year 2022."

charges or benefits, gain (loss) and other income from strategic investments, acquisition-related expenses, and tax costs for intellectual property integration relating to the Humio acquisition. We have not provided the most directly comparable GAAP measures because certain items are out of our control or cannot be reasonably predicted. Accordingly, a reconciliation for non-GAAP income from operations, non-GAAP net income attributable to CrowdStrike, and non-GAAP net income per share attributable to CrowdStrike common stockholders is not available without unreasonable effort.

Forward-Looking Statements

This press release contains forward-looking statements that involve risks and uncertainties, including statements regarding our future growth, and future financial and operating performance, including our financial outlook for the fiscal fourth quarter and fiscal year 2022. There are a significant number of factors that could cause actual results to differ materially from statements made in this press release, including: our limited operating history; risks associated with our growth; our ability to identify and effectively implement the necessary changes to address execution challenges; the impact of the COVID-19 pandemic on our and our customers' business; our limited experience with new product and subscription and support introductions and the risks associated with new products and subscription and support offerings, including the risk of defects, errors, or vulnerabilities; our ability to attract new and retain existing customers; our ability to successfully integrate acquisitions; the failure to timely develop and achieve market acceptance of new products and subscriptions as well as existing products and subscriptions and support; our ability to collaborate and integrate our products with offerings from other parties to deliver benefits to customers; rapidly evolving technological developments in the market for security products and subscription and support offerings; length of sales cycles; and general market, political, economic, and business conditions, including those related to COVID-19.

Further information on risks, uncertainties and other factors that could affect our financial results are included in the filings we make with the Securities and Exchange Commission ("SEC") from time to time, including our most recently filed Quarterly Report on Form 10-Q and subsequent filings.

You should not rely on these forward-looking statements, as actual outcomes and results may differ materially from those contemplated by these forward-looking statements as a result of such risks and uncertainties. All forward-looking statements in this press release are based on information available to us as of the date hereof, and we do not assume any obligation to update the forward-looking statements provided to reflect events that occur or circumstances that exist after the date on which they were made.

Use of Non-GAAP Financial Information

We believe that the presentation of non-GAAP financial information provides important supplemental information to management and investors regarding financial and business trends relating to our financial condition and results of operations. For further information regarding these non-GAAP measures, including the reconciliation of these non-GAAP financial measures to their most directly comparable GAAP financial measures, please refer to the financial tables below, as well as the "Explanation of Non-GAAP Financial Measures" section of this press release.

Channels for Disclosure of Information

We intend to announce material information to the public through the CrowdStrike Investor Relations website ir.crowdstrike.com, SEC filings, press releases, public conference calls, and public webcasts. We use these channels, as well as social media and our blog, to communicate with our investors, customers, and the public about our company, our offerings, and other issues. ⁽¹⁾ We use our GAAP provision for income taxes for the purpose of determining our non-GAAP income tax expense. The tax costs for intellectual property integration relating to the Humio acquisition is included in the GAAP provision for income taxes during the first quarter of fiscal 2022. The income tax benefits related to stock-based compensation, amortization of intangibles, including purchased patents, acquisition related expenses, amortization of debt issuance costs and discount, and gains and other income from strategic investments attributable to CrowdStrike included in the GAAP provision for income taxes was not material for all periods presented.

⁽¹⁾ We use our GAAP provision for income taxes for the purpose of determining our non-GAAP income tax expense. The tax costs for intellectual property integration relating to the Humio acquisition is included in the GAAP provision for income taxes during the first quarter of fiscal 2022. The income tax benefits related to stock-based compensation, amortization of intangibles, including purchased patents, acquisition related expenses, amortization of debt issuance costs and discount, gains and other income from strategic investments attributable to CrowdStrike and legal reserve and settlement charges or benefits included in the GAAP provision for income taxes was not material for all periods presented.

⁽²⁾ For periods in which we had diluted non-GAAP net income per share attributable to CrowdStrike common stockholders, the sum of the impact of individual reconciling items may not total to diluted Non-GAAP net income per share attributable to CrowdStrike common stockholders because the basic share counts used to calculate GAAP net loss per share attributable to CrowdStrike common stockholders differ from the diluted share counts used to calculate non-GAAP net income per share attributable to CrowdStrike common stockholders and because of rounding differences. The GAAP net loss per share attributable to CrowdStrike common stockholders calculation uses a lower share count as it excludes dilutive shares which are included in calculating the non-GAAP net income per share attributable to CrowdStrike common stockholders.

Explanation of Non-GAAP Financial Measures

In addition to our results determined in accordance with U.S. generally accepted accounting principles ("GAAP"), we believe the following non-GAAP measures are useful in evaluating our operating performance. We use the following non-GAAP financial information to evaluate our ongoing operations and for internal planning and forecasting purposes. We believe that non-GAAP financial information, when taken collectively, may be helpful to investors because it provides consistency and comparability with past financial performance. However, non-GAAP financial information is presented for supplemental informational purposes only, has limitations as an analytical tool, and should not be considered in isolation or as a substitute for financial information presented in accordance with GAAP.

Other companies, including companies in our industry, may calculate similarly titled non-GAAP measures differently or may use other measures to evaluate their performance, all of which could reduce the usefulness of our non-GAAP financial measures as tools for comparison. In addition, the utility of free cash flow as a measure of our financial performance and liquidity is limited as it does not represent the total increase or decrease in our cash balance for a given period.

Investors are encouraged to review the related GAAP financial measures and the reconciliation of these non-GAAP financial measures to their most directly comparable GAAP financial measures and not rely on any single financial measure to evaluate our business.

Non-GAAP Subscription Gross Profit and Non-GAAP Subscription Gross Margin

We define non-GAAP subscription gross profit and non-GAAP subscription gross margin as GAAP subscription gross profit and GAAP subscription gross margin, respectively, excluding stock-based compensation expense and amortization of acquired intangible assets. We believe non-GAAP subscription gross profit and non-GAAP subscription gross margin provide our management and investors consistency and comparability with our past financial performance and facilitate period-to-period comparisons of operations, as these measures eliminate the effects of certain variables unrelated to our overall operating performance.

Non-GAAP Income from Operations

We define non-GAAP income from operations as GAAP loss from operations excluding stock-based compensation expense, amortization of acquired intangible assets, including purchased patents, acquisition-related expenses and legal reserve and settlement charges or benefits. We believe non-GAAP income from operations provides our management and investors consistency and comparability with our past financial performance and facilitate period-to-period comparisons of operations, as this metric generally eliminates the effects of certain variables unrelated to our overall operating performance.

Non-GAAP Net Income Attributable to CrowdStrike

We define non-GAAP net income attributable to CrowdStrike as GAAP net loss attributable to CrowdStrike excluding stock-based compensation expense, amortization of acquired intangible assets, including purchased patents, acquisition-related expenses, amortization of debt issuance costs and discount, gains and other income from strategic investments, legal reserve and settlement charges or benefits and the tax costs for intellectual property integration relating to the Humio acquisition. We believe non-GAAP net income attributable to CrowdStrike provides our management and investors consistency and comparability with our past financial performance and facilitates period-to-period comparisons, as this metric generally eliminates the effects of certain variables unrelated to our overall performance.

Non-GAAP Net Income per Share Attributable to CrowdStrike Common Stockholders, Basic and Diluted

We define non-GAAP net income per share attributable to CrowdStrike common stockholders, as non-GAAP net income attributable to CrowdStrike divided by the weighted-average shares outstanding, which includes the dilutive effect of potentially diluted common stock equivalents outstanding during the period. We may periodically incur charges or receive payments in connection with litigation settlements. We exclude these charges and payments received from non-GAAP net income attributable to CrowdStrike when associated with a significant settlement because we do not believe they are reflective of ongoing business and operating results.

Free Cash Flow

Free cash flow is a non-GAAP financial measure that we define as net cash provided by operating activities less purchases of property and equipment and capitalized internal-use software and website development. We monitor free cash flow as one measure of our overall business performance, which enables us to analyze our future performance without the effects of non-cash items and allow us to better understand the cash needs of our business. While we believe that free cash flow is useful in evaluating our business, free cash flow is a non-GAAP financial measure that has limitations as an analytical tool, and free cash flow should not be considered as an alternative to, or substitute for, net cash provided by operating activities in accordance with GAAP. The utility of free cash flow as a measure of our liquidity is further limited as it does not represent the total increase or decrease in our cash balance for any given period. In addition, other companies, including companies in our industry, may calculate free cash flow differently or not at all, which reduces the usefulness of free cash flow as a tool for comparison.

Explanation of Operational Measures

Annual Recurring Revenue

ARR is calculated as the annualized value of our customer subscription contracts as of the measurement date, assuming any contract that expires during the next 12 months is renewed on its existing terms. To the extent that we are negotiating a renewal with a customer after the expiration of the subscription, we continue to include that revenue in ARR if we are actively in discussion with such an organization for a new subscription or renewal, or until such organization notifies us that it is not renewing its subscription.

Magic Number

Magic Number is calculated by performing the following calculation for the most recent four quarters and taking the average: annualizing the difference between a quarter's Subscription Revenue and the prior quarter's Subscription Revenue, and then dividing the resulting number by the previous quarter's Non-GAAP Sales & Marketing Expense. Magic Number = Average of previous four quarters: ((Quarter Subscription Revenue – Prior Quarter Subscription Revenue) x 4) / Prior Quarter Non-GAAP Sales & Marketing Expense.
