

CrowdStrike Reports Fourth Quarter and Fiscal Year 2022 Financial Results *Milestone quarter combines strong growth at scale with record cash flow*

- Achieves record net new ARR of \$217 million with growth accelerating for the second consecutive quarter
- Ending ARR grows 65% year-over-year to exceed \$1.7 billion
- Delivers record operating and free cash flow for the second consecutive quarter, bringing operating and free cash flow for the fiscal year to a record \$575 million and \$442 million, respectively

AUSTIN, Texas - March 9, 2022 -- CrowdStrike Holdings, Inc. (Nasdaq: CRWD), a global cybersecurity leader that provides cloud-delivered protection of endpoints, cloud workloads, identity and data, today announced financial results for the fourth quarter and fiscal year 2022, ended January 31, 2022.

"CrowdStrike once again delivered an exceptional fourth quarter and capped off a record year, achieving new milestones across both the top and bottom line. Net new ARR of \$217 million in the quarter was a new all-time high, driven by expansion of our leadership in the core endpoint market as well as a record quarter for cloud, identity protection and Humio. As our record results, growing scale and module adoption rates demonstrate, customers are increasingly leveraging the breadth and depth of the Falcon platform as they look to transform their security stack," said George Kurtz, CrowdStrike's co-founder and chief executive officer.

"The robust top-line growth and exceptional leverage we generated this year demonstrates the efficiency in our model and enables us to step-up investments in new technologies and international geographies. Our durable platform model and powerful innovation engine have translated into a truly differentiated offering in the market and strong momentum heading into fiscal year 2023. As we continue to capitalize on our unique market position, we firmly believe CrowdStrike's best days are ahead," said Burt Podbere, CrowdStrike's chief financial officer.

Financial Outlook

CrowdStrike is providing the following guidance for the first quarter of fiscal 2023 (ending April 30, 2022) and guidance for fiscal year 2023 (ending January 31, 2023):

	Q1 FY23 Guidance	Full Year FY23 Guidance
Total revenue	\$458.9 - \$465.4 million	\$2,133.1 - \$2,163.2 million
Non-GAAP income from operations	\$61.7 - \$66.4 million	\$289.2 - \$311.8 million
Non-GAAP net income	\$52.0 - \$56.7 million	\$251.1 - \$273.6 million
Non-GAAP net income per share, diluted	\$0.22 - \$0.24	\$1.03 - \$1.13
Weighted average shares used in computing Non-GAAP net income per share attributable to common stockholders, diluted	240 million	243 million

These statements are forward-looking and actual results may differ materially as a result of many factors. Refer to the Forward-Looking Statements safe harbor below for information on the factors that could cause our actual results to differ materially from these forward-looking statements.

Guidance for non-GAAP financial measures excludes stock-based compensation expense, amortization expense of acquired intangible assets, including purchased patents, amortization of debt issuance costs and discount, legal reserve and settlement charges or benefits, gain (loss) and other income from strategic investments, acquisition-related expenses, and tax costs for intellectual property integration relating to the Humio acquisition. We have not provided the most directly comparable GAAP measures because certain items are out of our control or cannot be reasonably predicted. Accordingly, a reconciliation for non-GAAP income from operations, non-GAAP net income attributable to CrowdStrike, and non-GAAP net income per share attributable to CrowdStrike common stockholders is not available without unreasonable effort.

Forward-Looking Statements

This press release contains forward-looking statements that involve risks and uncertainties, including statements regarding our future growth, and future financial and operating performance, including our financial outlook for the fiscal first quarter and fiscal year 2023. There are a significant number of factors that could cause actual results to differ materially from statements made in this press release, including: risks associated with managing our rapid growth; our ability to identify and effectively implement the necessary changes to address execution challenges; the impact of the COVID-19 pandemic on our and our customers' business; our limited experience with new product and subscription and support introductions and the risks associated with new products and subscription and support offerings, including the risk of defects, errors, or vulnerabilities; our ability to attract new and retain existing customers; our ability to successfully integrate acquisitions; the failure to timely develop and achieve market acceptance of new products and subscriptions as well as existing products and subscriptions and support; our ability to collaborate and integrate our products with offerings from other parties to deliver benefits to customers; rapidly evolving technological developments in the market for security products and subscription and support offerings; length of sales cycles; and general market, political, economic, and business conditions, including those related to COVID-19 and geopolitical uncertainty.

Additional risks and uncertainties that could affect our financial results are included in the filings we make with the Securities and Exchange Commission ("SEC") from time to time, particularly under the captions "Risk Factors" and "Management's Discussion and Analysis of Financial Condition and Results of Operations", including our most recently filed Annual Report on Form 10-K, subsequent Quarterly Reports on Form 10-Q and subsequent filings.

You should not rely on these forward-looking statements, as actual outcomes and results may differ materially from those contemplated by these forward-looking statements as a result of such risks and uncertainties. All forward-looking statements in this press release are based on information available to us as of the date hereof, and we do not assume any obligation to update the forward-looking statements provided to reflect events that occur or circumstances that exist after the date on which they were made.

Use of Non-GAAP Financial Information

We believe that the presentation of non-GAAP financial information provides important supplemental information to management and investors regarding financial and business trends relating to our financial condition and results of operations. For further information regarding these non-GAAP measures, including the reconciliation of these non-GAAP financial measures to their most directly comparable GAAP financial measures, please refer to the financial tables below, as well as the "Explanation of Non-GAAP Financial Measures" section of this press release.

Channels for Disclosure of Information

We intend to announce material information to the public through the CrowdStrike Investor Relations website <u>ir.crowdstrike.com</u>, SEC filings, press releases, public conference calls, and public webcasts. We use these channels, as well as social media and our <u>blog</u>, to communicate with our investors, customers, and the public about our company, our offerings, and other issues. It is possible that the information we post on social media and our blog could be deemed to be material information. As such, we encourage investors, the media, and others to follow the channels listed above, including the social media channels listed on our investor relations website, and to review the information disclosed through such channels. Any updates to the list of disclosure channels through which we will announce information will be posted on the investor relations page on our website.

(1) We use our GAAP provision for income taxes for the purpose of determining our non-GAAP income tax expense. The tax costs for intellectual property integration relating to the Humio acquisition is included in the GAAP provision for income taxes during the first quarter of fiscal 2022. The income tax benefits related to stock-based compensation, amortization of intangibles, including purchased patents, acquisition related expenses, amortization of debt issuance costs and discount, and gains and other income from strategic investments attributable to CrowdStrike included in the GAAP provision for income taxes was not material for all periods presented.

⁽¹⁾ We use our GAAP provision for income taxes for the purpose of determining our non-GAAP income tax expense. The tax costs for intellectual property integration relating to the Humio acquisition is included in the GAAP provision for income taxes during the first quarter of fiscal 2022. The income tax benefits related to stock-based compensation, amortization of intangibles, including purchased patents, acquisition related expenses, amortization of debt issuance costs and discount, gains and other income from strategic investments attributable to CrowdStrike and legal reserve and settlement charges or benefits included in the GAAP provision for income taxes was not material for all periods presented.

(2) For periods in which we had diluted non-GAAP net income per share attributable to CrowdStrike common stockholders, the sum of the impact of individual reconciling items may not total to diluted Non-GAAP net income per share attributable to CrowdStrike common stockholders because the basic share counts used to calculate GAAP net loss per share attributable to CrowdStrike common stockholders differ from the diluted share counts used to calculate non-GAAP net income per share attributable to CrowdStrike common stockholders and because of rounding differences. The GAAP net loss per share attributable to CrowdStrike counts used a loss per share attributable to CrowdStrike count size a lower share count as it excludes dilutive shares which are included in calculating the non-GAAP net income per share attributable to CrowdStrike common stockholders

Explanation of Non-GAAP Financial Measures

In addition to our results determined in accordance with U.S. generally accepted accounting principles ("GAAP"), we believe the following non-GAAP measures are useful in evaluating our operating performance. We use the following non-GAAP financial information to evaluate our ongoing operations and for internal planning and forecasting purposes. We believe that non-GAAP financial information, when taken collectively, may be helpful to investors because it provides consistency and comparability with past financial performance. However, non-GAAP financial information is presented for supplemental informational purposes only, has limitations as an analytical tool, and should not be considered in isolation or as a substitute for financial information presented in accordance with GAAP.

Other companies, including companies in our industry, may calculate similarly titled non-GAAP measures differently or may use other measures to evaluate their performance, all of which could reduce the usefulness of our non-GAAP financial measures as tools for comparison. In addition, the utility of free cash flow as a measure of our financial performance and liquidity is limited as it does not represent the total increase or decrease in our cash balance for a given period.

Investors are encouraged to review the related GAAP financial measures and the reconciliation of these non-GAAP financial measures to their most directly comparable GAAP financial measures and not rely on any single financial measure to evaluate our business.

Non-GAAP Subscription Gross Profit and Non-GAAP Subscription Gross Margin

We define non-GAAP subscription gross profit and non-GAAP subscription gross margin as GAAP subscription gross profit and GAAP subscription gross margin, respectively, excluding stock-based compensation expense and amortization of acquired intangible assets. We believe non-GAAP subscription gross profit and non-GAAP subscription gross margin provide our management and investors consistency and comparability with our past financial performance and facilitate period-to-period comparisons of operations, as these measures eliminate the effects of certain variables unrelated to our overall operating performance.

Non-GAAP Income from Operations

We define non-GAAP income from operations as GAAP loss from operations excluding stock-based compensation expense, amortization of acquired intangible assets, including purchased patents, acquisition-related expenses and legal reserve and settlement charges or benefits. We believe non-GAAP income from operations provides our management and investors consistency and comparability with our past financial performance and facilitate period-to-period comparisons of operations, as this metric generally eliminates the effects of certain variables unrelated to our overall operating performance.

Non-GAAP Net Income Attributable to CrowdStrike

We define non-GAAP net income attributable to CrowdStrike as GAAP net loss attributable to CrowdStrike excluding stockbased compensation expense, amortization of acquired intangible assets, including purchased patents, acquisition-related expenses, amortization of debt issuance costs and discount, gains and other income from strategic investments, legal reserve and settlement charges or benefits and the tax costs for intellectual property integration relating to the Humio acquisition. We believe non-GAAP net income attributable to CrowdStrike provides our management and investors consistency and comparability with our past financial performance and facilitates period-to-period comparisons, as this metric generally eliminates the effects of certain variables unrelated to our overall performance.

Non-GAAP Net Income per Share Attributable to CrowdStrike Common Stockholders, Basic and Diluted

We define non-GAAP net income per share attributable to CrowdStrike common stockholders, as non-GAAP net income attributable to CrowdStrike divided by the weighted-average shares outstanding, which includes the dilutive effect of potentially diluted common stock equivalents outstanding during the period. We may periodically incur charges or receive payments in connection with litigation settlements. We exclude these charges and payments received from non-GAAP net income attributable to CrowdStrike when associated with a significant settlement because we do not believe they are reflective of ongoing business and operating results.

Free Cash Flow

Free cash flow is a non-GAAP financial measure that we define as net cash provided by operating activities less purchases of property and equipment and capitalized internal-use software and website development. We monitor free cash flow as one

measure of our overall business performance, which enables us to analyze our future performance without the effects of noncash items and allow us to better understand the cash needs of our business. While we believe that free cash flow is useful in evaluating our business, free cash flow is a non-GAAP financial measure that has limitations as an analytical tool, and free cash flow should not be considered as an alternative to, or substitute for, net cash provided by operating activities in accordance with GAAP. The utility of free cash flow as a measure of our liquidity is further limited as it does not represent the total increase or decrease in our cash balance for any given period. In addition, other companies, including companies in our industry, may calculate free cash flow differently or not at all, which reduces the usefulness of free cash flow as a tool for comparison.

Explanation of Operational Measures

Annual Recurring Revenue

ARR is calculated as the annualized value of our customer subscription contracts as of the measurement date, assuming any contract that expires during the next 12 months is renewed on its existing terms. To the extent that we are negotiating a renewal with a customer after the expiration of the subscription, we continue to include that revenue in ARR if we are actively in discussion with such an organization for a new subscription or renewal, or until such organization notifies us that it is not renewing its subscription.

Magic Number

Magic Number is calculated by performing the following calculation for the most recent four quarters and taking the average: annualizing the difference between a quarter's Subscription Revenue and the prior quarter's Subscription Revenue, and then dividing the resulting number by the previous quarter's Non-GAAP Sales & Marketing Expense. Magic Number = Average of previous four quarters: ((Quarter Subscription Revenue – Prior Quarter Subscription Revenue) x 4) / Prior Quarter Non-GAAP Sales & Marketing Expense.)
